Along with the resource persons of our college alumni delivered the motivation speech regarding for getting ready for your exam efficiently comes from learning how to study smarter, not harder. Trust us. You'll become more aware of this fact as the years go on and you advance in your education. As time passes, more and more of your classes will only get tougher, and you'll end up always having to burn the midnight oil if you have not developed the proper study habits. Her motivation has very useful for our students.

Many of the students attended the coaching class. The students enthusiastically participated in days- long training classes on various subjects. As a result of these activities most of the students qualified for the K- TET examination.
